

Freeze conf call, 10-3-84, on strategy paper draft /32.

1

--Randy Kehler begins call by calling attention to two items on the front page of the New York Times today: a) the Air Force is advocating a \$50 billion program for a "STRATEGIC RESERVE FORCE" To be buried in very deep shelters, for use "two to three days after an all-out Soviet attack"; b) finding that 20% of Americans suffer from a mental disorder. He asks, "Is there any connection between these?" I respond: "The connection is in the acronym for Deep Underground Missile Basing." "There is also the question why such a high proportion of the 20% with mental disorders find their way into the Pentagon".

DON SLOCUM: MORE ATTENTION TO CENTRAL AMERICAN ISSUE.

--Define what it means to be a Freeze rep in Congress (e.g., one person supports Freeze and PEACE-THROUGH-STRENGTH.

de:1. MORATORIUM SHOULD BE IN SPRING, 1985, TO INFLUENCE AUTHORIZATIONS, NOT FALL. QUESTION: WILL PUBLIC MOOD REALLY BE UP FOR THIS? (IF NOT, RECOGNIZE DEPRESSING SIGNIFICANCE OF THIS! TAX-DAY SHOULD BE CONSIDERED FOR MORATORIUM. CURRENT PROPOSED DATE FOR LOBBY DAY IS ON SUNDAY!

2. MENTION MX AND ASAT AS PART OF OUR 1985 STRATEGY.

3. POSSIBILITY THAT WAR IN CENTRAL AMERICAN, OR OTHER DISILLUSIONMENT WITH REAGAN, MAY GREATLY SWELL POTENTIAL SUPPORT FOR MORATORIUM BY SPRING, 1984 (OR FALL).

4/

. UNDER MONDALE, ACHIEVE FREEZE, DON'T JUST START NEGOTIATIONS.

6. WHY ACTIONS ON KING DAY UNDER MONDALE, NOT REAGAN?

7. EXPLAIN QUICK FREEZE, PERHAPS BY ADMITTING FAILURE TO WIN 1984 ELECTION, AS PREMISED IN 1981-82...

8. HIGHLIGHT URGENCY, given ongoing tests and deployments; prospects that we are being overtaken by events with respect to parity, first-strike weapons, proliferation.

Lorraine Garcia:

PLEASED BY EMPHASIS ON CONGRESSIONAL ACTION AND ON DIRECT ACTION. NON-COOPERATION., Agrees with DE that fall is too late for influence on legislative process, should be spring. (this was Lorraine Garcia, not Angie)

--(man): agrees on spring pressure, with DE and Lorraine.

--Jan Orr-harter--Move Congress to enact the freeze by means so exciting and dramatic that the President is compelled to join effort to claim the credit. (Madly unrealistic). Agree with Dan, need something in the spring with more punch. [Get responses to Moratorium proposal!]

Jesse Prosten: MENTION SU PROPOSALS--INCLUDING TALBOTT, OFFER IN JULY 1982.

--Ken: lobby date in the spring.

{Moratorium Day can be lobby day in Washington}

Steve Ladd: Be careful at moving prematurely on Moratorium Day--
lest we throw everything we have, and have nothing later to
demonstrate strength.

Illustrate potential obstacles, even if Mondale wins.
